aring the coming to all years. The tile of socially for the last ten years, hernot only an increasing confidence in the ability in the less of the most just a start for different and reduce of popular government Owing to the fact that no Enropean nation by of opposition to the majority--of easting upon foundations of those of Holland, Eggland and France were and ever two hundred years are was little to be made out of the clap-trap that in a European view the character, of a people selves. That agreat national debtean be paid is a new idm to the old world, which the French impotent against them. For several weeks Mr. republic, following the example of the United Crapo has been trying to get his bill for the eximis on of charters to ore congress, but the States, is now illustrating. This idea is a new motion was defeated by democratic votes. The permut effect on the mountrelial systems of Enrope, which never could have maintained themselves so long had the idea been ingrain vided that it could gratify its own spite and years, it has based its uncandid opposition to system for sustaining the national credit The super atendent of the Georgia insanc which the reputdican party had inaugurated. asytme presents some interesting points in a

Meantime it became apparent that there was tell on in-anily. In the Georgia asylum there not going to be any financial convulsion, after are 936 patients, of which 223 are colored voluntary liquidation and reorganizing as a increasing with souncing rapidity. The illustrations which the learned superincendent use ould accomplish the same results as by an extension of its charter, and this was at once re-sorted to where it was necessary. While the democrats were vowing that they would never found among them. Now, drinking, griof and yield, the enemy caimly merched around them less of property take hundreds to and out of their reach, leaving them to spend where none went before. Of insanity in gentheir strength upon the air. Naturally they eral in Georgia, Dr. Powell says the rate is or have relaxed their eternal vigilance. No doubt to 1000 or 1500. This rate is lower than the Mr. Crapo exhibited commendable effort of the average, which is one to 500. in reaching an agreement with the democratic leaders to let the extension bill pass the

T. Stewart are fast disappearing. His gurden they would never have conserted had it not city, on the Hempstend plains, is a failure been demonstrated before their eyes that it. His hotel for women is among the forgotter made little practical difference whether they did or not. Indeed, from the anti-bank point things, and now his colessal husiness is being of view, it would seem better to renew the whereabouts of his bones is unknown. So far the United States has given away virtually extend them for twenty by forcing

the railroads nearly 200,000,000 acres of land There are a few more left, however and they being rapidly taken up by intending set-

charters for a limited term of years than to
